

## COIN PERFORMANCE CONTEST RULES

COIN promotes musical quality in the fields of performative research, teaching, composition and musicology. In record time and in the short term, this music performance competition is convened in the fields of chamber music and choral music.

The reasons for the time and record deadline of the call respond to the nature of the moment, on the one hand, the harassment of the global pandemic and on the other hand the imminent official communication by the funding entity (Excmo. Ayuntamiento de Oviedo) to the organizing entity (SOCA-ISLIM Foundation) of the funds available for its organization.

Within 20 days the best cameristic and choral musical performances will be selected, following objective criteria set out in the heading announced in the call for papers under the name SEPA-M18 prepared by the educational evaluation service of the Principality of Asturias, available in the <https://tinyurl.com/y5kdgpfq> link, of recognized effectiveness in evaluation processes in competitive fields and by magazines such as the International Journal of Music Education of the International Society for Music Education under the title "On the design and validation of a rubric for the evaluation of performance in a musical contest" available on <https://tinyurl.com/yy2k7tp4>.
